

Information Technology Assistant

Supervisor: IT Manager

Position: FLSA Non-Exempt

Pay Band: C

Position Summary

The Information Technology Assistant is responsible for day-to-day maintenance of library computer equipment, software, configuration and installation of new computer equipment, installation and monitoring of network systems and software, and responding to technology troubleshooting requests from library staff and patrons.

Essential Duties & Responsibilities

- Assist Information Technology Manager in the development, configuration, installation, and maintenance of library technology systems; including all hardware, software, networking and telecommunication systems, and information technology infrastructure and peripherals.
- Participate in professional organizations, workshops and training; and keeps informed of current trends and new techniques in library and information technology.
- Assist in teaching or training computer and technology skills for staff and patrons.
- Responsible for library location in the absence of a manager. Directs clerical and page staff to ensure all essential tasks are completed.
- Assist patrons in the use of technology available in the library, including basic troubleshooting of microfilm, photocopier, and computer problems.
- Instruct patrons in the use of basic reference tools, both print and electronic.
- Work in public service areas as assigned: including answering reference and information questions; checking materials in and out; answering the telephone; issuing borrower's cards; processing materials, shipments, and reports; shelving, shelf reading, etc.
- Answer reference questions in person or by telephone and helps patrons locate library materials.
- Maintain files, records, and statistics as assigned.

- Actively participates in safety and security trainings and utilizes training to protect the physical library, the library's online infrastructure, staff, and patrons.
- Perform related duties as required.

Qualifications

- High school diploma or G.E.D.
- Two years of post-high school technical training in computer use, maintenance, and troubleshooting, or equivalent experience. CompTIA A+, Network + or other relevant industry certifications preferred.
- Experience with Active Directory, user maintenance, group policy, cloud computing and virtualization preferred.
- Experience in use and configuration of network components including routers, switches, and access points.
- Ability to communicate effectively.
- Ability to work independently or with minimum supervision.

- Demonstrated ability to plan work and train and supervise others.
- Ability to operate library technology systems, including personal computer, software programs and other job related equipment.
- Valid driver's license.
- Must successfully pass a criminal background check.
